Respected Supporters,

While India continues to grow economically, critical social challenges such as unemployment, poverty, child hunger, illness, drug addiction, poor education and malnutrition still affect millions. Tackling these issues is not solely the responsibility of the government — it requires the active participation of every citizen.

Founded on the belief that NGOs and charitable institutions play a vital role in nation-building, Jagdamba Shikshan Sansthan Uchchatar Madhyamik Vidyalay is dedicated to uplifting underprivileged communities through education, healthcare and essential social services. We focus particularly on empowering children — who represent the future of our nation — by providing food, medical support and learning opportunities to those in need.

We believe that building a better India is a shared responsibility, and we invite you to join us in this meaningful journey.

— **Baba Kedarnath Shiksha Samiti**

International Yoga Day

Celebrated on June 21st every year

International Yoga Day is a global recognition of the ancient practice that promotes harmony between mind, body and spirit. Originating in India, yoga is more than physical exercise — it is a way of life fostering inner peace, self-discipline and holistic health. Practising yoga regularly enhances flexibility, reduces stress and builds mental resilience, uniting people across cultures in a shared commitment to wellness.

“A few minutes of yoga every day can lead to a lifetime of well-being.”

“Yoga is the journey of the self, through the self, to the self.” — Bhagavad Gita

Independence Day

78th Independence Day celebrated on 15th August

The entire event reflected the core values of unity, patriotism and commitment to the nation – values the Samiti strives to instil in every student.

The school campus was adorned with the colours of the national flag as the spirit of freedom filled the air. The programme began with flag hoisting, the National Anthem and a disciplined march past by students, followed by a cultural programme of patriotic songs, dances and a skit honouring the sacrifices of freedom fighters.

- Drawing & essay competitions held earlier in the week; winners honoured during the programme
- A tree plantation drive promoted environmental awareness as part of the celebration
- The principal's address emphasised the value of freedom and education in nation-building
- The celebration concluded with “Vande Mataram” and the distribution of sweets

Road Safety: A Responsibility for All

- Road safety is not just a rule — it's a responsibility we all share. Every life matters, and every accident is preventable.
- Always wear a seatbelt and helmet; safety gear is not optional for two-wheeler riders.
- Avoid using mobile phones while driving — your phone can wait, your life cannot.
- Follow traffic signals — they're safeguards, not suggestions.
- Never drive under the influence — drunk driving is a gamble you can never win.
- Pedestrians must stay alert too; the road demands attention from everyone. Respect speed limits — they protect, not restrict.
